Growth

triathlonscotland is the national governing body for triathlon, duathlon and aquathlon. Our staff, voluntary board and enthusiastic base of club volunteers all work together to realise the full potential of a vibrant triathlon community in Scotland.

Development

Clubs are at the heart of triathlonscotland and well-organised, pro-active clubs provide a fantastic platform for members to make the most of our sport. We help clubs to progress and support them to achieve their goals.

Education

Coaches guide club participants to achieve their ambitions. We offer an extensive UKCC coach development programme to support coaches to continually improve. triathlonscotland education programmes also cater for event organisers, technical officials and club officers.

Events

Events are essential as our sport will not exist without them. We advertise all triathlonscotland sanctioned events and offer a range of support to event organisers focusing on raising the quality of events and improving the competitor experience.

Achievement

Our national performance programme helps prepare promising triathletes for success at the highest level. triathlonscotland members can compete for national titles at our Scottish Championship events and can qualify for Great Britain Age Group teams.

Enjoyment

If you like to swim, cycle and run, or think that you would like to try, this is the sport for you. Triathlon is excellent for your wellbeing, is an inclusive sport and is open to all ages and abilities. Best of all, it is fun!
